★ **DESPERATE** Scousewife Layla Flaherty gets down and dirty as she tones up at a boot camp. The maneater, 28, is burning off the festive calories at the notorious No1 Boot Camp in Norfolk. Experts subjected the babe to

military-style fitness exercises to help her get in shape after some wild partying in London last week. An onlooker said: "They put you through a pretty tough regime but Layla was laughing her way through the pain."
